Have your own decorations, but won't have the time to set up?

Don't worry we offer a DIY set-up service for only **£200**. Many couples have collected their own items to have at their wedding but are concerned about the time in which it takes to set up! We would arrange a consultation to discuss how you would like your items set-up, down to the smallest detail. We can set up the morning of the wedding (however early it may be!) but the cost does not include dismantling any items in the evening or in the morning the next day. If you have hired a few of our items for the wedding, we will dismantle these either in the evening or the morning the next day (depending on the venue's regulations).

Stuck for ideas and want a bespoke service to suit your taste?

We would be delighted to invite you in for a consultation to discuss colour schemes or any themes you may have, updating your profile document you will feel at ease knowing that all is in hand by keeping you up to date with all details discussed. Let us create mood boards based on your ideas. For **£800** allows you to choose from all our items for hire and also the set up/dismantle of all items at the venue by us.
